2. As we discussed, my request for the report was made on the assumption that it would be seen by you, [REDACTED] and the Director's office only. Nevertheless, in order to support the Director for the upcoming NSC discussion, you should pass on to OSWR whatever you think necessary for them to be able to describe clearly where their analysis of Soviet reactions to CSB may differ from the [REDACTED]

3. You should plan on including this report in the Director's NSC package. He has not yet had a chance to see it. We may, in fact, want to offer it to him for his background reading during his upcoming trip.
